

ICPEP-5

Proforma for Mode of Presentation of Paper

Delegates can submit their requests for mode of presentation of their papers along with their abstracts/registration either online or by e-mail/mail/FAX in the following form. Their requests will be duly considered by the Scientific Programme Committee and its decision will be communicated to the individual delegate after the deadline for the submission of Registration and Abstracts sometime in September/October 2014. No enquiries on this subject will be entertained before **September 15, 2014**. As we have already received over 800 pre-registrations and the number of actual registrations is likely to exceed 500, and in spite of our best efforts it will be humanly impossible to accommodate all delegates under oral presentation in a 4-day conference with only 3 days allotted for Scientific Sessions.

Name:

Full mailing address:

City, Postal Code, Country.

E-mail:

Title of paper/papers
